Stop Screening Resumes - Interview Everyone

Interviewer.AI - audiovisual assessment platform

Website: <https://interviewer.ai/> . To Watch Demo, Please [Click Here](#)

PROBLEM

Current hiring cycles are too long!

- average time to hire is 52 days
- but top quality candidates are in the market for only 10 days!!

Modern workforce requires soft skills

SOLUTION

Interview every candidate that applies using AI. Reduce time spent on screening candidates by 80%

- Assess talent consistently, efficiently, without human bias
- Candidates are sorted by quality. Invest personal time only with the best talent

How it works - Create an application page

[YOUR
LOGO

Candidates

Questions

1. What is your company in 2-5 words?
2. Why is now the time for your company to exist?
3. What do you love about your team, and why are you the ones to solve this problem?
4. What is most exciting about your traction to date?
5. What is the biggest threat to your company?

Auto Speech to Text

Why is now the time for your company to exist?
Human solution to this problem exists. For thirty plus years? Technology hasn't play a role yet so this is the perfect timing.

Other Candidates

- Flora Suen-Krujatz
